

## Sommelier Service

(pronounced suh-mal-'yAy)

Wine pairings are an integral part of fine dining and oftentimes that means a sommelier, or expert wine consultant, is nearby. A sommelier possesses a working knowledge of diverse wines and vintages and is trained in the art of pairing wine with food and vice versa. It's sensory bliss when you personally encounter a great union of the two.

We will work with you to develop and execute a pairing menu and take care of all necessary details so you, the host, enjoy a stress-free and flawless event. Depending on your needs, we can:

- execute a tasting style from fun to formal
- provide or acquire glassware
- recommend wines to fit your budget
- advise on catering needs / food pairing
- advise on venue and any venue rental related to the sommelier services
- provide written tasting materials
- staffing the tasting
